## FOR SUPERINTENDENT OF PUBLIC INSTRUCTION.

E. A. Gullion, of New Castle, Henry County, Announces His Candidacy.

Facts Upon Which He Relies For Support; Former Superintendent and Teacher; Ex-President of Kentucky Educational Association—What Prominent School Men Say.

NEW CASTLE, KY., Aug. 18, 1906.  
To Democratic Voters of Kentucky:

I am a candidate for Superintendent of Public Instruction in Kentucky, and ask you to nominate me for that most

E. A. GULLION.

honorable position at the Democratic primary to be held November 6.

It is proper that I should state some facts about myself in order that Democrats may determine if I am worthy and competent.

### THE REFORMATION OF A COUNTY.

The following statement is just received from Carrollton, Ky.:

"To the Democratic Voters of Kentucky: Having learned that E. A. Gullion, a former citizen of our (Carroll) county, is a candidate for the very important office of Superintendent of Public Instruction, we desire to commend him to your favorable consideration."

"During a term of sixteen years 'Mr. Gullion was Superintendent of 'Common Schools for Carroll county,' and it is with pride that we say he 'administered the office with signal ability. He raised the standard of scholarship among teachers and created a public enthusiasm in the cause of education that led to an immense improvement of the schools. Indeed, the schools of Carroll county, were placed on such a high plane that we pointed to them with pride, knowing them to be unsurpassed by any other schools. There was a corresponding improvement during his tenure of office in houses, furnishings, and apparatus. In short, there was substantial improvement in all educational matters—a revival, a reformation!"

"Mr. Gullion has had liberal experience in both teaching and superintending, and is abreast of the times in methods and agencies. His knowledge of the common school system, as well as of the rights and duties of officers, patrons and pupils, is not merely theoretical, but thoroughly practical. Withal, he has the power to arouse enthusiasm, being an enthusiast himself in the matter of common school education."

"We were county officers during all or part of the time he was Superintendent and are familiar with his work while in office."

(The above statement is signed by Judge J. A. Donaldson and the other county officials who were then in office; also by the present officers and bankers. Every citizen of that county would sign

it if requested.)

I have taught in schools ranging from the common school in the hick woods to the lower classes in one of our leading colleges.

IN THE K. E. A. AND BEFORE LEGISLATURE.

For more than twenty years I have been attending the State Teachers' Association and in 1896 was president of that honorable body. The published proceedings and addresses show that I was active in all movements for the betterment of public schools, originating some of them. This is particularly true as to the agitation for normal schools, longer school terms, better schoolhouses, modern equipment and compulsory attendance. As chairman of a Legislative Committee appointed by the Kentucky Educational Association, I pressed upon the General Assembly divers amendments looking to those ends and procured their passage. I am the author of the plan by which three and four months' schools were abolished, and wrote the amendment that effectuated the plan. The selfsame committee brought about most of the beneficial changes that have been made in the school law in the past fifteen years, the result being a gradual development of the common school system.

### THE END NOT YET.

If nominated I shall be elected, in which event I shall devote whatever time and talent I have to the great cause in which are centered the dearest interests of the children and the Commonwealth. We shall make progress along all the lines indicated, for a brighter era has evidently dawned. It shall be my highest and most cherished ambition to foster and develop the State's normal schools until they shall be adequate for all and good enough for the best—unsurpassed by those of any other State. To better correlate common schools with high schools and high schools with colleges, so as to unify our entire educational system, will also be a matter for my best thought and effort.

### WHAT SOME ABLE SCHOOL MEN SAY.

Many prominent school men have written to me, some urging me to become a candidate, others endorsing my candidacy. From the mass I select a few expressions:

Sup't M. A. Cassidy, Lexington City Schools: "You are worthy and well qualified; you have been an enthusiastic public school man ever since you became a man; you would know how to meet the problems of elementary and secondary education as few other men could; and, above all, you would know how to get in touch with school officers and teachers. You may quote me anywhere as being for you first last and all the time."

Hon. Jas. H. Fuqua, Superintendent of Public Instruction: "During your term of service as Superintendent of Carroll county you brought your schools to the highest degree of excellence."

Prof. C. A. Leonard, Sup't, Cincinnati schools: "I hope you will announce at once and make a thorough canvass of the State; I shall work for you."

Prof. W. H. Bartholomew, Principal Girls' High School, Louisville: "A friend of public instruction when the cause needed friends. Gullion merits the honor of the Superintendency."

Pres. Jas. K. Patterson, State College, Lexington: "Without disparagement to any other public man who has labored for the development of the educational and material interests of the Commonwealth, I say without reserve that I know of no man who has done better work than yourself."

Prof. R. M. Shipp, Sup't Winchester schools: "I shall do my best for you wherever I go; although I do not know you personally, I know from your reputation that you are worthy and capable. I have no ax to grind."

Sup't E. W. Weaver, formerly of Bellevue and Paris schools, now of Brooklyn, N. Y.: "You are the best, most enthusiastic and most practical school superintendent I have known. A strong point in your favor is that you have come from the ground up."

Prof. J. T. Gaines, Principal, &c., Louisville: "You are a member of the Old Guard. Your service as a worker for better education of the masses has been unflagging and continuous. You have in my opinion the exact record and experience that best fit the man who ought to be chosen at this time."

Prof. R. H. Carrothers, formerly principal of Male High School, Louisville: "I have long considered you one of the hardest workers and most efficient advocates of good schools. We are now, after a vigorous campaign of more than 20 years, realizing the fruits of these efforts in the establishment of the State Normal schools."

The statements herein are not prompted by a vainglorious spirit, but are intended to show, and do show, I submit, that my experience has been such as to give me peculiar fitness for the most honorable office the people can bestow, the State Superintendency. The best commanders usually come up from the trenches.

Respectfully,  
E. A. GULLION.

The death at Bowling Green last week of Mr. E. C. Cooksey, for many years connected with the newspapers of Bowling Green and Louisville, removes one of the brightest minds and readiest pens that has been connected with the fraternity in the State in a generation. Mr. Cooksey, although yet under forty, was a victim of consumption, and for more than ten years had been afflicted with the disease. Many men would long ago have given up the fight and laid down to die, but Euc. Cooksey was made of gamier stuff, and fought bravely to prolong a life that was sweet to him and a pleasure to those who knew him. He is survived by a young wife, who will have the tenderest sympathy of everyone who ever had the pleasure of her husband's acquaintance.—Glasgow Times.

### BRYAN AND THE CONVENTION.

There is no longer any question that Bryan's "Southern reception," planned by Louisville Democrats, will be as successful. Responses received from practically every Southern State, insure the presence of the great majority of Southern Governors and Senators, while Southern Congressmen, National Committeemen, district and county leaders promise to be "too numerous for mention." Louisville will furnish her full quota, and the Democracy of Kentucky will send representative delegations from every county. Next to Mr. Bryan's New York reception there will be no meeting in his honor comparable in numbers, eloquence or enthusiasm to that which Louisville has made possible, nor will there be any other convention hall to compare with that of the First Regiment Armory, which has equipped Louisville for the entertainment of the largest conventions to which politics, religion or business can give rise.

Louisville is glad to have Mr. Bryan and all the Democrats his coming will attract, but it will not be content with one visit. Louisville wants the next Democratic National Convention, and there is no better time or means for securing it than the occasion Mr. Bryan's reception will furnish. The Democrats of Louisville have paved the way. The press and the commercial organizations of Louisville must do the rest.—Louisville Times.

### A BIG WHEAT FIELD.

Oklahoma farmers certainly farm on a large scale. A dispatch from Bliss, Okla., tells something about the harvesting of the wheat crop on "ranch 101." This ranch contains 70,000 acres. This year 9,000 acres were in wheat; which is expected to yield 175,000 bushels. When this crop was ready to cut, forty six harvesters, each cutting a swath six feet wide, were put to work. Some of these swaths were a mile long. Six threshing machines were set going following the harvesters. About 500 mules are used in this harvest and a perfect army of hands, who eat and sleep on the fields.

### Critically Ill.

Many people are critically ill, as a result of disturbance of their digestive functions, and don't know it. It you are suffering from dizziness, heartburn, wind, loss of appetite, irritability, headache, nausea, colic, constipation, waste no time, but take Dr. Caldwell's (laxative) Syrup Pepsin. It may be the means of warding off a dangerous sickness. At any rate: it will surely make your distressing, dyspeptic symptoms disappear. It is safe, certain, and pleasant. Try it. Sold by Dr. J. N. Page, Columbia, and Page and Moore, Cane Valley, at 50c and \$1.00. Money back if it fails.

There has never been much prospect of the Republicans being able to hold their 1904 gains in Missouri, but since Secretary Shaw has taken the stump there, it is a chinch for the Democrats. If President Roosevelt will keep him on the stump in the doubtful states and congressional districts, it will be a god send for the country in two ways, for it will keep Shaw away from the United States Treasury, where he would be constantly scheming in the interest of the Rockefeller banks, and will ensure a large number of Republicans voting the Democratic ticket.
